To the representative of the United Nations High Commissioner for Refugees Office in Armenia
Mr. Christoph Bierwirth

Report on the Implementing Partner Financial Monitoring Report (IPFMR)

We have audited the accompanying Implementing Partner Financial Monitoring Report statement of the “Social and Health Services for the Refugees and Asylum-seekers in Armenia” Project (the “Project”), financed by the United Nations High Commissioner for Refugees (the “UNHCR”) Agreement No. 0000000082, reflecting cash receipts and cash disbursements for the agreements for the year ended December 31, 2013 including transactions allowable during the liquidation period up to January 31, 2014.

Management's Responsibility for the Financial Statements

Management of Mission Armenia Charitable NGO is responsible for the preparation and fair presentation of this IPFMR statement for the Project in accordance with the cash receipts and cash disbursement basis of the accounting and for such internal control as management determines is necessary to enable the preparation of the financial statements that is free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on the accompanying IPFMR statement based on our audit. We conducted our audit in accordance with International Standards on Auditing. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the preparation and fair presentation of the financial statements of the organization in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the organization's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of

accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the accompanying Implementing Partner Financial Monitoring Report statement presents fairly, in all material respects, the receipts collected and expenses paid by the Mission Armenia Charitable NGO in the framework of the “Social and Health Services for the Refugees and Asylum-seekers in Armenia” Project for the year ended December 31, 2013, in accordance with the cash receipts and cash disbursement basis of accounting and includes any transactions conducted during the liquidation period up to January 31, 2014.

Basis of accounting and restriction on use

Without modifying our opinion, we draw attention to note 2 to the Implementing Partner Financial Monitoring Report, which describes that the accompanying IPFMR statement is prepared on the cash basis of accounting, which is a comprehensive basis of accounting at variance with International Financial Reporting Standards and Generally Accepted Accounting Principles. The IPFMR statement is prepared to assist the Mission Armenia Charitable NGO to comply with the financial reporting provisions of the agreement No. 0000000082. As a result, the Implementing Partner Financial Monitoring Report may not be suitable for another purpose. Our auditor’ report is intended solely for the Mission Armenia Charitable NGO and the UNHCR office in Armenia and should not be distributed to or used by parties other than Mission Armenia Charitable NGO and the UNHCR office in Armenia.

Emphasis of a Matter

We draw attention to note 3 to the Implementing Partner Financial Monitoring report, which states that the completion date of the Project was defined as December 31, 2013 and the liquidation date was defined as January 31, 2014. Our opinion is not qualified in respect of this matter.
